### **CONSENT AGENDA**

- 4. Approve meeting agenda
- 5. Approve Board meeting minutes of Feb. 27, 2023
- 6. Accept February 2023 financial reports

Approval moved by Director Manheim, seconded by Director Rand, approved unanimously by voice vote.

### **REGULAR AGENDA**

7. Executive Director's report

CTV's Coworking center met its budget goal. March revenue is exceeding the goal. CTV did 18 government meetings in February. Some clients are coming back after the pandemic, others are making the transition to hybrid meetings. CTV can run these meetings from the control room while the meeting is elsewhere. CTV can use the same system for Board meetings without requiring staff time. All of the broadcast equipment is moving to CTV's building by the first few weeks in June. E.D. Reed is also looking into ways to handle network requests for use of the studio. CTV will get the proper encoder so shows can stream to the networks from the building. This encoder works for all of the networks. Chair Lasnier asked about whether cable and networks use the same encoding? E.D. Reed will find out.

The monument CTV sign was vandalized and E.D. Reed is in the process of getting it fixed.

E.D. Reed is looking into a new equipment grant, thanks to Director Maziarz.

CTV has taken over the new space in the back of the building. New locks are on the doors and a WiFi upgrade in process. The 2 new conference rooms are getting an upgrade, including a new table top in the small one.

8. Discuss and APPROVE 2023-2024 budget

E.D. Reed discussed the proposed budget. Director Maziarz mentioned that the County budget process is streamlined so there are fewer County meetings. E.D. Reed noted that the legal fees should be \$3,500, not \$3,000.

Director Gudger moved approval with the legal fees addition. Director O'Driscoll seconded. Motion approved unanimously on a roll call vote.

9. Discuss Low Power Television opportunities and appoint an ad-hoc committee to prepare for an eventual LPTV license auction.

Chair Lasnier gave background about the LPTV search results. E.D. Reed says we need to review the report and come up with appropriate questions. CTV should form a committee to decide the next steps to be ready for when the auction occurs.

Chair Lasnier appointed the ad-hoc committee to include Chair Lasnier and Directors Manheim, Gudger, and Warren with Director Gudger as chair of the committee.

10. Accept and discuss Education Committee report

No report.

11. Board Chair's report

Chair Lasnier said he and Director Manheim will look into our Brown Act status for the next meeting.

12. Board member / staff requests for specific items to appear on next meeting agenda

None.

### 13. Announcements

Director O'Driscoll mentioned that the new CTV Instagram posts are fabulous. Director Gudger announced that the recent Animation class went very well and the next class is scheduled for May 21.

### 14. Adjournment

Director Rand moved adjournment. Adjourned at 6:26 PM.

## Education Committee Minutes 4/17/23

Attendees: David Warren, Keith Gudger, Linda Janakos,

Linda told us about "Poker" - a new program at Community Colleges - determined to change the design of the classes with a lot of technology, especially graphics. Now materials are chunked into very small portions. Now the idea is to create a page so students can easily look at it on their phone.

Even with phones, media producers still need equipment to create good video. It's so easy to create short videos. Should CTV's emphasis be on longer videos? In which the studio and green screen can be useful?

Linda suggested CTV create panels for debate or discussion as a way to bring students into the studio. A panel of 3 - 5 people from a list of topics, but not limited to the topic.

David asked "How do we adapt to the new world of AI? ChatGPT, Dalle, Midjourney and others AI tools, are often spoken of as assistants that can help teachers and students, write articles, compose essays, develop lesson plans, produce graphics, videos and other media?

Linda mentioned that "Turn It In" has an AI check for submissions. It's an interesting time for teachers.

Do we embrace, monitor, evaluate, test, experiment with or something else with AI at CTV? Can we use AI / Technology to help the community express themselves?

David offered that given this is the time to review and update the 3 year Strategic Plan, this is an opportunity for the organization as a whole, to look deeply and seriously at the impact AI, ChatGPT, Midjourney, Dalle and derivatives might have on education, nonprofits, SCCTV and society.

Al can reduce the need for studio and sets and expand the possibilities for the individual producers. We need to reach into the community and find those who've embraced the tools and ask them to show others how they used them. Could there be a station or workshop to show off these tools?

Linda said that by changing backgrounds and characters, your own movies (home movies) can be turned into something special that could be shared with others.
